

BROAD COALITION SURVEY

Surveyor's name: _____ Location: _____

Date: _____ Constituency: _____

1. Are you planning to vote in the 2005 election? (Circle answer)

Yes	No	Don't know
-----	----	------------

2. On a scale of 1 to 5, where 1 is very satisfied and 5 is very dissatisfied, where would you rate your satisfaction with the provincial Liberal government?

1	2	3	4	5
---	---	---	---	---

3. Which provincial party would you like to see form the next BC government?

NDP	Liberals	Green Party	Unity	Marijuana	Other _____	Undecided
-----	----------	-------------	-------	-----------	-------------	-----------

4. **If undecided in 3:** What do you mean when you say undecided?

5. In 2001, the Liberals won 97% of the seats with only 58% of the votes. If we had a voting system called proportional representation, the number of seats would be equal to the proportion of votes (i.e., 58% of votes would give 58% of seats). Do you think proportional representation would be good for BC?

Yes	No	Don't know
-----	----	------------

6. Do you think the Greens and NDP should cooperate by agreeing to run either an NDP or a Green candidate in your constituency for the next election?

Yes (Go to 7 and 9)	No (Go to 8 and 9)	Don't know (Go to 9)	Don't care (Stop here)
----------------------------	---------------------------	-----------------------------	-------------------------------

7. Which of these statements describes why you think they should cooperate? (Circle any number of letters)

a) Both parties would get more seats and be a stronger opposition
b) Both parties would get more seats and defeat the Liberals
c) They share many of the same values
d) So they don't split the vote
e) It would be a positive alternative
f) Other

8. Which of these statements describes why do you think they should **not** cooperate? (Circle any number of letters)

a) NDP can't be trusted
b) Greens are inexperienced
c) Greens and NDP are too different
d) I'm upset with the Greens
e) I'm upset with the NDP
f) Other

9. If the NDP and the Green Party agreed that only one candidate, either a Green or an NDP would run in your constituency, which of these statements describes who you would support? (Circle one letter)

a) Would support either NDP or Green candidate
b) Would not support NDP candidate
c) Would not support Green candidate
d) Would not support either Green or NDP candidate
e) Other
