To the Owner/Occupant

Dear Sir / Madame:

Re: Notice of Drainage Construction – Cadboro Bay / Gyro Park

The municipality intends to replace a section of large diameter storm drainage pipe within Cadboro Bay / Gyro Park this summer. As you may have seen, the existing wood stave pipe has collapsed and requires immediate attention.

I have attached a sketch showing the approximate location of construction for your information.

We intend to start construction in early July and we anticipate that the work will take 2 months to complete.

If you have any questions or concerns I can be reached at 250-475-5575 local 3464 or by email at peter.kelly@saanich.ca.

Sincerely,

Peter Kelly,
Senior Drainage Technologist
